FAIRWAY CANYON HOA ARCHITECTURAL REVIEW COMMITTEE APPLICATION

To The Applicant:

1. You understand and accept that compliance with the Guidelines, Protective Covenants and approval by the Fairway Canyon Architectural Review Board do not necessarily constitute compliance with the provisions or building and zoning codes and laws of Riverside County (the building ordinance of Riverside County requires that you file plans with the building inspector at his office for construction requiring a building permit). Further, nothing herein contained shall be construed as a waiver or modification of any said restriction and/or requirement.
2. You understand and agree that no exterior alteration shall commence until written approval of the Architectural Review Committee (ARC) has been returned to the applicant/homeowner. If unapproved alterations are made prior to receipt of the approved ARC Application, or in addition to those outlined in the application description, the homeowner may be required to return the property to its former condition at the sole expense of the homeowner. The homeowner may also be required to pay all legal expenses incurred. Review the ARC Guidelines for specific details required for each proposed change.
3. You understand that you are responsible to provide all required details on attached sheets (copy of plot, sketches, scale drawings, photos, catalog illustrations, architectural plans, contracts, sales pamphlets, etc.). Indicate on a plot (color coded or key) the location of your proposed structure or change, if applicable.
4. You understand that for changes in paint color, you must attach a manufacturer's sample, indicating the manufacturer's color/code, and proposed vendor's name.
5. You understand that the members of the ARC are permitted to enter upon the homeowner's property at any reasonable, pre-arraigned time for the purpose of inspecting the proposed project site(s), while the project is in progress, and upon completion of the project, as necessary. Such entry does not constitute trespass.
6. You understand that any approval is contingent upon construction or alterations being completed in a workmanlike manner.
7. You understand that the alteration authority granted by this application may/will be revoked automatically if the alteration requested has not commenced within one hundred eighty (180) days of the approval date of this application and completed by the date specified by the ARC.
8. If you disagree with this decision, an appeal procedure is provided by the ARC. A verbal request for an appeal must be submitted within forty-eight hours of receipt of the ARC's decision, followed by submitting a written request within five (5) business days. If you have any questions or concerns about this application, contact the ARC at the address/phone listed above.
